

Curriculum Vitae

Stephen Fisher, ACTAR

Profession:

Mr. Fisher specializes in the investigation and reconstruction of motor vehicle collisions. He holds full accreditation in accident reconstruction from the Accreditation Commission for Traffic Accident Reconstruction (ACTAR). Prior to joining Bloomberg Consulting, he worked as a Traffic Homicide Investigator for the Florida Highway Patrol as part of their Florida Advanced Reconstruction and Investigation team. Over his twenty-five-year career with the Florida Highway Patrol Mr. Fisher spent more than 12 years in the traffic homicide division. He has investigated more than 10,000 traffic collisions, been the lead investigator for over 160 traffic homicide investigations and assisted in the investigation of hundreds of other traffic homicide investigations involving passenger vehicles, motorcycles, pedestrians, bicycles, and commercial motor vehicles. He was one of the Florida Highway Patrol's trainers in the Field of Traffic Homicide Investigation for the North Florida area. He has considerable experience with leading edge technology in the field, including EDR "black box" data retrieval systems, accident reconstruction programs, surveying equipment, etc.

Testimony:

Mr. Fisher has testified in criminal and civil courts throughout Florida and has been qualified as an expert in Escambia and Walton County courts. He has testified in more than 300 depositions and trials.
